

VALERIY SHYLIN

Professional Profile

Short presentation

Valeriy Shylin is an SAP BPC consultant with strong competences in the field of application design and implementation. With a three year experience in BI solutions he obtained strong understanding of **SAP BPC** architecture, as well as **Qlikview** platform, **Xcelsius**, **ComponentArt** dashboard platform, and can implement BI solutions of merely any complexity.

He has quite profound knowledge in what regards programming (**C#**, **VB.NET**, **VBA**, **Javascript**, **Python**, **SQL**, **MDX**...) and enriching functionality of MS Office applications and integrating them with Qlikview are in fact his real passion.

Having always worked with clients in person he learned to think outside the box to offer uncommon solutions to common problems. In such an environment he also managed to develop being independent in decision making and proactive in generating ideas.

Thinking positively is his life credo.

Possesses Italian work permit.

Possesses driving license, category B.
